DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Laurence Laubscher on September 29, 2003.

The application has been amended as follows:

CLAIMS

In claim 24, Line 15 after "guide" insert --forming arrays of positioning pads on said rear surface of said transparent substrate at precisely defined locations relative to plurality of array of contacts; providing a guide frame for locating the external light guide and having guide frame pads precisely matching said array of positioning pads; attaching said guide frame to said rear face of said substrate in a precise location determined by said positioning pads by soldering said guide frame pads to said array of positioning pads and floating said guide frame into place on molten solder--.

Allowable Subject Matter

Claims 1-3, 5-19 and 24 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art does not disclose or make obvious a method of making an active optical device for coupling to an external light guide comprising the steps of forming arrays of positioning

pads on said rear surface of said transparent substrate at precisely defined locations relative to plurality of array of contacts; providing a guide frame for locating the external light guide and having guide frame pads precisely matching said array of positioning pads; attaching said guide frame to said rear face of said substrate in a precise location determined by said positioning pads by soldering said guide frame pads to said array of positioning pads and floating said guide frame into place on molten solder including all the limitations of the independent claim.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
